COAL MINES OPERATE TO FULLEST CAPACITY

Shipments From River Mines Heavy During Last Few Days

MARKETS DEPLETED

Southern Users Awaiting Shipping Stage in Ohio to Get Share of Coal

With an expected change in weather conditions in the next few days that will result in a coal shipping stage in the Ohio river, several million bushels of coal now being assembled in barges and coal boats at the landings at Pittsburg and along the Monongahela river, will be started south to replenish the southern markets. Most of the mines along the Monongahela valley are now running full and loading many thousand bushels of coal daily. The landings are rapidly filling up.

Much coal is going down the river, between 650,000 and 700,000 bushels being shipped through Lock No. 4 on an average daily. Tuesday the lockages through Lock No. 4 amounted to 645,000 bushels and Wednesday the shipments amounted to 690,000 bushels of coal. Both are high marks.

Southern markets, it is stated are greatly depleted, owing partly to the three week's suspension of actiity in the coal regions of the north. The lake trade is beginning to open up also and an all summer run is predicted. The Monongahela gets practically all the coal trade of the Pittsburg district a large portion of the southern trade and its share of the lake trade.

WASTE BOXES MUCH IN USE

Cleaner Streets Result of Innovation--Monessen Regulates by Law

Since waste paper boxes were located at several street corners by the borough, there has been a noticeable decrease in the quality of loose paper and rubbish lying about the streets. However, the practice of carelessly dropping paper wherever one may be on the street has not been stopped and as a result the streets are not kept as clean and neat as they could be. In Monessen it is stated, there is a borough ordinance compelling people to abstain from throwing rubbish on the street, and to cast it instead into the proper receptacles on the streets. Some people favor a similiar ordinance for this borough.

Theatre is Burned Down

Pittsburg Academy, Prominent Show House Destroyed by Flames

Harry Williams' Academy, one of the well known Pittsburg theatres was completely destroyed by fire, which was discovered at 4:29 this morning, starting in Kilkeery's Restaurant. The loss it is estimated, will be between $70,000 and $80,000. Nineteen fire companies were called out. In fighting the fire four firemen were injured, but it is stated not seriously. They were: Acting chief William Boyd, Lieutenant William Graves, Howard Ward and Charles Jacobs. The Moulin Rouge company was playing there this week. The theatre was to have been closed today.

STATE TO BE CENTER OF FIGHT

Penrose and Flinn Forces to Have it Out at Convention

OLD GUARD HOPEFUL

A dispatch from Harrisburg says that a fight to the finish for control of the Republican State Convention in that city on May 1 is indicated by the activity of Penrose and Flinn partisians in the central Pennsylvania counties. The Penrose people are sounding delegates as to their attitude in regard to State matters after they vote for Roosevelt delegates-at large. Both sides are declaring that they must keep watch on their delegates and the Penrose partisane declare very plainly that it is their intention to make a fight.

State Treasurer C. F. Wright who has announced his candidacy for renomination, has received numerous leters tendering him support and says he is in the fight to the end. According to stories that come from the West the Flinn element will urge Senator A. W. Powell for the nomination for Treasurer and give the nomination for Auditor General to Robert K. Young, former Auditor General, if he wants it. One story is that all of the nominations for Congressmen-at-large are to be given to the State outside of Philadelphia and Allegheny,

JUNE 11 DATE FOR RIBARIK EXECUTION

Gov. J. K. Tener Names Time for Hanging Condemned Austrian--Convicted of Canonsburg Murder

Governor John K. Tener on Thursday fixed June 11 as the date for hanging Jan Ribarick alias John Ribarich at Washington.

Ribarik, who will be hanged on the specified date, was convicted Thursday, February 22 for the triple murder of Natavia Novak and his wife, Mary Ann Novak, and Frank Stavanijo, a boarder at the Novak home. The murder occurred in Alexander Place in North Strabane township near Canonsburg on the evening of December 18.

Ribarik was placed on trial February 21 and the following day at 3:10 the jury returned a verdict of first degree murder after being out minutes. He was sentenced at 3:20 Judge J. F. Taylor to be hanged.

Ribarik, who had been in this county 11 years and his daughter but a short time, lived at the Novak home, having a room there. Ribarik made indecent proposals to his own daughter and the latter told Mrs. Novak of the occurrence. Ribarik became intoxicated and while in this condition shot down the three persons and attempted to kill the daughter. She escaped to the cellar and hid. Ribarik then tried to kill himself but failed.

Sheriff R. G. Lutton last night had received no word from Harrisburg in reference to the hanging but it is expected that he will be officially notified today.

FAIR MAID WITH GUN IS HELD FOR COURT

Girl Who Marched Burgettstown School Teacher up Street at Point of Gun to Stoutly Defend Herself

Defiant, and surrounded by a host of friends who declare they will help her fight the case to a finish, Miss Margaret Gribben of McDonald gave bail in the sum of $500 at a hearing Thursday for her appearance at court on the charge of carrying concealed weapons and pointing firearms. Miss Gribben is the young woman who created the sensation at Burgettstown Tuesday evening, when she drove Harry Tilton a school teacher, out of a moving picture and vaudeville theatre at the point of a revolver, because he was alleged to have written a note to a mind reader on the stage requesting Miss Gribben to remove her hat.

At the hearing Miss Gribben stated that Tilton had repeatedly followed her to the theatre and sat behind her and annoyed her. She purchased the gun she said for the purpose of frightening Tilton in moving picture style, and she declared that the weapon was not loaded. Other witnesses testified to the scenes of the incident, and Miss Gribben was bound over to court, her father, John Gribben, going her bond.

The community of Burgettstown is all wrought up over the incident, and friends of the girl have volunteered to aid in fighting the case through court to a finish.

RECOVER BODIES OF STRAUSS AND JOHN J. ASTOR

By a mesage from steamers which have been searching in the vicinity of the Titanic disaster late this afternoon it was stated the bodies of John Jacob Astor and Oscar Strauss had been found and positively identified. Strauss' body will be claimed by friends and taken to Philadelphia and Astor's body will be taken most likely to New York.

CHARLEROI AMONG FIRST STOPS FOR BIG CIRCUS

Ringling Bros. Show to Make First Visit Here This Year

ADVERTISING CAR HERE

Starts Out Erom Headpuarters in Wisconsin--Playing the Larger Cities

With the appearance of Ringling Bros.' advertising car today comes the joyful tidings that the first circus of the season will exhibit here Saturday, May 18. The car arirved from Uniontown last evening and stays here while the bill posting car force decorates bill boards, blank walls and shop windows with flaming lithographs depicting the wonders of the show.

Starting from their winter quarters at Baraboo, Wisconsin, which has been the resting place during the winter of the big aggregation for years, the Ringling Bros. shows opened at the Coliseum in Chicago April 6. It closed its engagement there April 25, making a long jump to St. Louis for its next exhibition. From there its itinerary is by way of Indianapolis, Cincinnati, Dayton, Columbus, Cleveland, Wheeling, Fairmont, Uniontown and Charleroi. From here the show goes to Pittsburg and thence east.

This show is carrying a bigger zoo than ever before. It has 85 cars, which are usually run in five sections. A unique and original feature is the big street pageant of the French historical scene, "Joan of Arc." This is a most elaborate presentation in which 1,200 people and 600 horses take part. It is a new departure, and in keeping

To Install New Pastor

Rev. Bastian to Formally Receive Charge of Christ Lutheran Pastorate

Rev. C. P. Bastian, who recently took up the pastorate of Christ Lutheran church, will be formally installed in the charge this evening at 8 o'clock. Rev. M. M. Albeck, representing the Pittsburg Synod, of Monongahela, will address the congregation and Rev. E. S. Blint of Leechberg will address the pastor. The installation will be a public affair and the public is invited.

PROTECT LIVES OF THE CREW

Great Precautions Necessary in Vessels Plying Rivers

INSPECTORS CAREFUL

Along the Monongahela river the law is regard to lifeboats on river vessels is being strictly enforced. Each lifeboat is required to have one axe, one life line running around the boat strung with wooden floats; seven oars, one steering oar, one boat hook with line attached, one bucket for bailing, life belts for each of the number of people carried in the boat and two or more wooden floats. The lifeboats are required to be fitted in the water in less than two minutes from the time the clearing away of the boat is begun. One life preserver, of a design approved by the board of supervising inspectors is required, to be carried on steamers for each passenger and members of the crew permitted by the steamboat's register of tonnage.

The inspection is of the most rigid character. Most complete equipment for protection of the crew or passengers in the event of a fire or the vessel sinking must be provided. United States Inspectors Capts. Isaac B. Williams and Charles G. Thomas are now making their inspections of steamers registered in the Pittsburg port. Since the Titanic disaster greater attention has been given to protection of river boats.

Song Hits at the Palace.

Two new musical compositions that are all the rage now are being rendered by the Palace Theatre orchestra and are making a big hit. There are "Everybody's Doin' it Now," and "Take a Tip From Father." The first of these will be rendered vocally tonight and tomorrow night by Donald J. Garrison, and the second will be sung for the first time Monday night. The songs are published by Ted Snyder of New York.

MOTOR CYCLE CAUSE OF ARREST

Claimed That Man Got Leave to Take Trial Ride and Forgot to Come Back

Charged with making away with the motor cycle of Otto Boehme when allowed to ride it, James "Tuts" Howard, of Bruceton, said to be formerly of Washington, was arrested near Finleyville Thursday and brought here to be given a hearing before Justice of the Peace E. E. Rice.

It is stated that Howard came here last summer and under an assumed name dickered with Boehme for the purchase of his motor cycle. He was given leave to try it, and started on a trip up street from which it is said he failed to return. He is supposed to have sold the motor cycle for $30.

ORGANIZED DISCONTENT

The folowing from the Citizens' Educational League, by William R. Stier, is most timely, and is worthy of consideraion by every thoughful citizen:

"A thousand men aglow with faith and determination" says Upton Sinclair, "are stronger than a million grown cautions and respectable."

In a recent speech Lord Roseberry, the noted English statesman, said: "Minorities should never be despised. Though weak today, they may be strong tomorrow. A turn of fortune's wheel may throw them unexpectedly into power."

As proof of this we need only recall the suddeness with which the "abolitionist" Republican party rode into power under Lincoln in 1859, the rapidity with which the French revolution came to a head in the eighteenth century, and the trifling incident that precipitated the revolt of the New England colonies. So, too, with the present day unrest among the masses. Another industrial depression or the crushing of a great strike may stampede large sections of the population into the camp of politicial Socialism.

"The international socialist movement" says Professor Charles Zeublin, the distinguished author and lecturer, "is without exception the most significant movement of modern times. It is the creation, not of one man or any set of men, but of the titanic forces of social evolution. It is becoming a mighty force in all civilized countries. It numbers among its advocates many of the foremost thinkers of the old world and the new. It is gaining control of the labor unions, is infecting the military and is beginning to make its voice heard in numerous legislative halls."

In 1869 the international Socialist vote did not exceed thirty thousand. Today it is fully ten million. It has thus multiplied itself more than three hundred fold within a little over forty years.

In 1869 Germany was the only country in which the Socialists had parliamentary representation. Today they are a recognized factor in the public life of twenty-five nations. In national legislatures alone they have nearly six hundred deputies while the number of mayors, aldermen and school trustees serving under their red banner of revolt in Europe and Great Britian approximates 14,000.

Nor are the United States and Canada outside their sphere of influence. There are now 1,035 Socialist office holders scattered over this continent. Several important cities, including Milwaukee, are now governed by them. Victor Berger, the veteran Socialist, is a member of Congress. Several States have Socialist contingents in their Legislatures. And the Socialist vote is increasing by leaps and bounds.

Many people are asking what can be done to sweep back this great tidal wave of organized discontent. Well, obviously, the first thing to do is to study it. Much can be said against Socialism. Much can be said in favor of it. Each citizen's attitude toward the Socialist movement must be determined by himself.

NO RELIEF IN PRICES.

With every advance in wages to employes in various industrial enterprises comes a corresponding advance in prices of the necessaries of life all along the line. Since March first reports from statistical agencies show a marked increase in the percentage of the cost of living over the previous year. If the railroad engineers get the advance they are contending for, in all probability the railroads will be permitted to increase their freight rates, which will still further enhance the cost of living to all.

As the Fnancial Review of the banking house of Henry Clews & Co. states, nothing but a succession of bountiful harvest years will keep the cost of living from advancing abnormally. From this time hence the only salvation now in that direction is increased products of the soil. Not only must more unproductive land be utilized, but each acre in cultivation must be made to produce more than at present. There can be no decrease in the cost of living until farming and gardening is fostered and encouraged the same as industrial entenrprises. Most towns are eager to promote small industries, but the encouragement of market gardening in the suburbs of towns and cities is the most important industry for the welfare of all at this particular time.

Not because they are not as strong as formerly, but because they are not as strong for the games as they were once, some men have quit going out with the boys.

PICKED UP IN PASSING

Ringling Bros.'s No. 1 advertising car, which arrived in Charleroi Thursday night to herald the coming of the big shows here May 18, almost had a tragedy on the way down the P. V. & C. line from Uniontown. The car was attached to the regular passenger train due here at 5:43 o'clock. On board the car was the usual bill posting corps, among which was a 'stuge," which in bill posting parlance is a greenhorn, making his first trip on a circus advertising car.

This young man had hailed from Christianburg, Va., and as his line of travel had been somewhat circumscribed, he was desirous of seeing the country. Consequently, when the weather was fine he spent much of his time on the rear of the car while enroute between points.

Whipping around a curve on the Redstone branch the "stuge" lost his equilibrium, and the last his companions saw of him he was going end over end down a steep embankment. One of the men had the presence of mind to pull the bell rope, and the train was stopped, almost a mile from where the young fellow had made his acrobatic descent.

While the train was backing up to the scene of the accident the manager of the advertising car began to make arrangements for shipping the body home, and to inquire his name and address. Imagine the surprise of the trainmen to spy the young fellow walking up the track to meet them as the train approached. He was taken aboard, and was practically unhurt, save for a few slight bruises. He happened to strike a cinder fill, which made his descent somewhat easy. Then it was that the boss got mad.

"You d—d fool!" he shouted, "if you don't keep off that back platform I'll chain you in your locker!"

"Speaking of borrowing among neighbors, as noted in your market basket story a day or two ago, I have had some experience along that line myself," said a Crest avenue resident this morning. "The other evening after supper before I returned to my place of business, a knock came at the door. 'Please may we borrow your sewer cleaner?' was the request of a neigbor's boy. This was a rod I had for cleaning out the sewer in case it got clogged. Not five minutes later came another rap. 'Ma wants to know if you'll lend her a cup of sugar until tomorrow?' piped a small girl. While I was putting on my coat and hat to start down street still another rap came, with a request for the loan of a salad mixer my wife has, and which does duty throughout the entire neighborhood. Slipping around to the back door after I left the house I softly rapped, and my wife came to the door. Standing back in the shadow, I said in a disguised voice:

"'Mrs.—— wants to know if you'll kindly loan her a setting of eggs?'

"Then, when my wife was trying to establish my identity, I added:

"'She would also like the loan of a hen to hatch the eggs.'"

Consumption Often Develops From Pneumonia

Consumption readily attacks those who have had Pneumonia. Many sufferers from Tuberculosis give a history of having had Pneumonia. The lungs thus weakened are more easily attacked by the germs that cause Consumption.

For all those with "weak lungs," especially those who have had Pneumonia, Eckman's Alterative is the appropriate remedy. Cures of Consumption are accomplished by Eckman's Alterative. But take it in time. There is no wisdom in waiting until Tuberculosis is established. Health is never fully valued until sickness comes. A remarkable recovery follows: 338 N. 41st St., Phila., Pa.

2 IN 1 SHOE POLISH

DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign rot away? Why does the railroad company continue to keep those signs at every crossing?

Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise."

Your store and your goods need more advertising than the railroads need do to warn people to "Look Out for the Cars."

Nothing is ever completed in the advertising world.

The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business.

If it pays to run a few ads 'round about Christmas time, it certainly will pay you to run advertisements about all the time.

It's just business, that's all, so

Gas Price Increased at Monongahela to Horror of Citizens

Monongahela gas consumers, especially those using fuel from the Citizen's Gas company, will pay more for gas after May. 1. Notices have been sent out by this company saying that 15 cents per thousand feet would be charged after May 1. Nothing has been heard from the Monongahela-Bellwood company as to whether it will increase the price or not.

The consumers of Monongahela have been paying ten cents per thousand feet for the past few years, owing to a cut being made by the two companies. Fifteen cents was being charged about five or six years ago when a war was started and the price kept falling cent by cent until 10 cents was reached and as a result the consumers have been having cheap fuel compared with other sections. The Citizen's company in the notice sent out stated that the raise was necessary owing to the scarcity of the supply.

RECORD MADE OF REAL ESTATE SALES

The following transfers of real estate were recorded at Washington recently:

John Molnar of Gary, Ind., to Andrew Chacko, of Charleroi, parcel of land in Charleroi on McKean avenue, 22x100 feet, consideration $1,300.

William Anderson, of Charleroi, to Mary Theakston, of Centerville lot in Charleroi on Fallowfield avenue, 22 x100 feet; consideration $2,500.

Schoenberger Mine Starts

Pittsburg and Westmoreland Colliery Resumes After Month's Suspension

Orders were issued Wednesday by the Pittsburg and Westmoreland Coal company for the resumption of work at the Schoenberger mines, near Donora, and work started Thursday. It is expected that by Monday the colliery will be producing almost to capacity. The mine has been idle since the first of April when the men went out together with the rest of the miners employed in mines of the Pittsburg district. Other mines are gradually getting into the swing for the summer run, and preparing for heavy shipments to the lake.

but this is not credited at the State sapital.

Friends of Frank B. McClain at Harrisburg are booming the Lancaster Mayor for State chairman and he is said to have much support in the West.

Of course, the Penrose faction is not conceding anything on the nominations or the State chairmanship and will do its best to prevent the Flinn slate from being carried out

Reservations for rooms at Harrisburg hotels have been going forward at a lively rate and there is hardly a single room to be had there for either the Republican or Democratic State Conventions.

SCHOOL BOY LANDS JOB WITH PHILLIES

Steinbrenner Sensation of Day Against New York Nationals Known in Charleroi

Steinbrenner, a young school boy player, of Pittsburg, who is known here was shoved into the game against the New York Nationals Thursday at second base for Philadelphia, taking the place of Otto Knabe. His work developed into being the feature. A Charleroi man, none other than Bill Phillips had a hand in Steinbrenner's success, although his part was only to refuse Steinbrenner a job with the Youngstown team.

The Pittsburg boy who is under 20 years old played last year with the Pittsburg Collegians. Dick Cuy, the manager by pulling ropes landed him with the Phillies. Steinbrenner didn't want to go, because he figured out it would only mean a farm out to some minor league. He came to Charleroi a few weeks before Phillips left for Youngstown, and pleaded with the latter to give him a place with his Central League team. Phillips refused because of the way in which the boy was tied up.

Thursday Steinbrenner stepped up to the plate with all the confidence of a veteran and landed on the great Matthewson's curves for a two base hit and a single. Besides he figured spectacularly in field plays accepting every chance cleanly and starting a double play.

LOCAL PEOPLE BUY AUTOMOBILE

Among the latest purchases of automobiles in Charleroi are John H. Frye, the well known Fifth street resident and T. P. Grant, the Fallowfield avenue hardware dealer. Mr. Frye has received a Flanders 20 touring car, and Mr. Grant an E. M. F. 30 touring car. H. C. Hepler of the Keystone garage secured the cars together with a stock car for himself through his agency.

LOCAL MENTION

Harry Scott, advance press agent for Ringling Bros circus, which exhibits in Charleroi Saturday, May 18, was in town today with advertising car No. 1. While here he made arrangements for advance sale of tickets at C. W. Weltner's pharmacy.

Rev. John R. Burson, pastor of the Washington Avenue Presbyterian church will preach tonight at Donora for Rev. J. C. Fulton pastor of the Presbyterian church of that place.

R. Dale Jolliffe spent Thursday in Brownsville with friends.

Dr. J. Clive Enos is in Pittsburg today on business.

Miss Anna Shepler of Pittsburg, after a two weeks' visit at the home of Mr. and Mrs. D. C. Whitlatch of Fallowfield avenue, has returned home.

Repent!

I heard the voice of the Lord in the night, say,
"Repent!"
Contrite, I felt on my heart such a fright weigh,
As seemed of doom terrors bleat.

"O Lord," I gasped, in a whisper, with fear hoarse,
"Thy grace
Reveal! Thy favor bestow! Oh, be near, source
Of strength and my weakness efface!"

Then sudden peace on my spirit descended;
I felt
Upraised, upborne, by the Infinite fended,
And, weeping with joy, I knelt.

And there, gloom-compassed, I panted my heart's woe:
I prayed
With fervor, zeal, such as life's deepest smarts owe,
And knew, in the praying, God's aid.

Thus morning found me; and I from my knees, rose
Content:
My heart was filled with the joy one at ease knows;
I said: "I repent—I repent!"

Foolish to Place Coins in Mouth.

American Medicine soothingly declares that many people are unnecessarily disturbed over the danger of infection from laundries, money and postage stamps. It says "some one has been alarming us because he found a few bacteria on gummed postage stamps, though he should have been astonished if he had not found them." This medical authority adds: "Common sense tells us not to put dirty money in the mouth, for it may have recently been tucked away in a very dirty place, yet its germs are mostly dead and we can lay very little disease to its agency. Its evils are of another sort. Our clothing is boiled in the laundry and even if pneumonia it does not spread infection."

TO THE PUBLIC

BROOKLYN GIRL WELL NOW

When you get right down to the plain facts it is generally a very simple matter to get rid of a bronchial cough, if you go at it right.

The trouble is, most people dose themselves with quieting syrups that really don't have any curative effect.

Now Vinol, our delicious cod liver and iron preparation without oil is a specific throat and lung healer—it goes to the seat of the trouble at once, stops the cough and heals the inflamed bronchial tubes.

For example there is Miss Julia Leyendecker of Brooklyn. She says "I had a stubborn cough last spring that hung on for six weeks and made me very uneasy, so I took Vinol, as I had heard it was good for coughs. I had already tried several cough medicines without benefit, but Vinol soon stopped my cough and I now feel perfectly well."

It's simply a matter of gaining strength and building up health. We guarantee Vinol to give you perfect satisfaction. Try it. Piper Bros., Druggists, Charleroi, Pa.

SOPRANO SINGS AT WINTER CLUB DANCE

As a featuring event at the weekly dance of the Winter Club given in the Might Auditorium Thursday night, Miss Ethyl Collins of Pittsburg rendered several soprano numbers. Miss Collins is a soloist with a big Pittsburg band, and a singer of note. There were about 70 couples present at the dance, which was one of the most enjoyable thus far held by the club.

Miss Stella Barre of Indianapolis, after a visit with Mr. and Mrs. Ira L. Nickeson of Meadow avenue, has returned home.

Roman Coins Found in England.

The process of cleaning the coins found a few weeks ago in a Roman vase in a field upon a farm at Edwinstowe, Nottinghamshire, England, shows that they comprise 369 denarii, dating from 68 to 193 A. D. Although these coins must have been buried for 17 centuries, they are in a perfect state of preservation.

Agricultural Education.

The young farmer who cuts out agricultural education from his life program will see his mistake by and by. Who ever met a graduate of a good farm college who wishes he had kept at work instead of taking a course of special study and training?

MYSTERY OF IN DEATH

Body of Woman Found on Railroad Track--Head 60 feet Away

Believed to have either suiceded or to have met with foul play Mrs. Mike Olasco a Slavish woman was found dead lying along the M. & W. branch about a half-mile south of Bentleyville Thursday morning by a freight crew. Her head was lying about 60 feet from her body. Her coat was found on a wire fence not far from the head.

The woman last August buried a baby it is said, and at times since has seemed to be mentally deranged. It is thought possible she may have wandered on the railroad and lain down between the tracks. Investigations are being made.

dieval times presented by the Tech students in Pittsburg yesterday at the cornerstone laying of a new department, is an example of this form of public entertainment. The "Joan of Arc" pageant is said to be a most impressive and gorgeous spectacle.

Advertising car No 1 will be followed by others before the great day arrives and the community will be well supplied with information regarding the circus whose arrival will be eagerly awaited by the juvenile population.

Class Takes Test.

The teacher's training class of the Washington Avenue Presbyterian church which is taught by Rev. Jno. R. Burson took the seal course test Wednesday. There are nine members of the seal course class, which is the only one in Charleroi.

TO PILE VICTIMS:

Treat the Inward Cause if You Want A Cure.

Is piles a skin disease?

No, it is a stagnation of blood circulation—a swelling of blood vessels.

Why expect a cure from applications outside? The treatment should attack the cause.

Dr. Leonhardt's Hem-Roid (sugar-coated tablets) is taken inwardly; it restores circulation, rids you of piles for good.

Sold by Piper Bros and all druggists. $1 for 24 days' supply, satisfaction guaranteed. Dr. Leonhardt Co., Station B, Buffalo, N.Y.

Notice how small the Red Cross Shoe makes his foot appear.

This man wears the Red Cross Shoe a woman's shoe, and finds it wonderfully comfortable and easy. Read his reasons.

DEAR SIRS:—

"The Red Cross shoe is the only shoe in the market which entirely fills the bill. I was first charmed by the variety of styles, which covers every possible desire of the wearer. The all-important reason is the fact that I can wear a much smaller shoe in the Red Cross than in any other, which is particularly essential in my case.

"I find the Red Cross shoe perfectly comfortable, wearing even a smaller shoe than one my size would naturally wear. The perfect flexibility of the sole, which so truly bends with your foot, ends all stiff-soled shoes which at every step cause the foot to rub against the sole, until it burns and throbs to an unbearable degree."

Yours very truly,

JULIAN ELTINGE.

You will be just as enthusiastic. Come in and let us show you the latest models in the Red Cross Shoe.

Oxfords $3.50 and $4. High Shoes $4, $4.50 and $5.

COAL MINES OPERATE TO FULLEST CAPACITY

Shipments From River Mines Heavy During Last Few Days

MARKETS DEPLETED

Southern Users Awaiting Shipping Stage in Ohio to Get Share of Coal

With an expected change in weather conditions in the next few days that will result in a coal shipping stage in the Ohio river, several million bushels of coal now being assembled in barges and coal boats at the landings at Pittsburg and along the Monongahela river, will be started south to replenish the southern markets. Most of the mines along the Monongahela valley are now running full and loading many thousand bushels of coal daily. The landings are rapidly filling up.

Much coal is going down the river, between 650,000 and 700,000 bushels being shipped through Lock No. 4 on an average daily. Tuesday the lockages through Lock No. 4 amounted to 645,000 bushels and Wednesday the shipments amounted to 690,000 bushels of coal. Both are high marks.

Southern markets, it is stated are greatly depleted, owing partly to the three week's suspension of actiity in the coal regions of the north. The lake trade is beginning to open up also and an all summer run is predicted. The Monongahela gets practically all the coal trade of the Pittsburg district a large portion of the southern trade and its share of the lake trade.

WASTE BOXES MUCH IN USE

Cleaner Streets Result of Innovation--Monessen Regulates by Law

Since waste paper boxes were located at several street corners by the borough, there has been a noticeable decrease in the quality of loose paper and rubbish lying about the streets. However the practice of carelessly dropping paper wherever one may be on the street has not been stopped and as a result the streets are not kept as clean and neat as they could be. In Monessen it is stated, there is a borough ordinance compelling people to abstain from throwing rubbish on the street, and to cast it instead into the proper receptacles on the streets. Some people favor a similiar ordinance for this borough.

Theatre is Burned Down

Pittsburg Academy, Prominent Show House Destroyed by Flames

Harry Williams' Academy, one of the well known Pittsburg theatres was completely destroyed by fire, which was discovered at 4:29 this morning, starting in Kilkeery's Restaurant. The loss it is estimated, will be between $70,000 and $80,000. Nineteen fire companies were called out. In fighting the fire four firemen were injured, but it is stated not seriously. They were: Acting chief William Boyd, Lieutenant William Graves, Howard Ward and Charles Jacobs. The Moulin Rouge company was playing there this week. The theatre was to have been closed today.

STATE TO BE CENTER OF FIGHT

Penrose and Flinn Forces to Have it Out at Convention

OLD GUARD HOPEFUL

A dispatch from Harrisburg says that a fight to the finish for control of the Republican State Convention in that city on May 1 is indicated by the activity of Penrose and Flinn partisians in the central Pennsylvania counties. The Penrose people are sounding delegates as to their attitude in regard to State matters after they vote for Roosevelt delegates-at large. Both sides are declaring that they must keep watch on their delegates and the Penrose partisane declare very plainly that it is their intention to make a fight.

State Treasurer C. F. Wright who has announced his candidacy for renomination, has received numerous leters tendering him support and says he is in the fight to the end. According to stories that come from the West the Flinn element will urge Senator A. W. Powell for the nomination for Treasurer and give the nomination for Auditor General to Robert K. Young, former Auditor General, if he wants it. One story is that all of the nominations for Congressmen-at-large are to be given to the State outside of Philadelphia and Allegheny,

JUNE 11 DATE FOR RIBARIK EXECUTION

Gov. J. K. Tener Names Time for Hanging Condemned Austrian--Convicted of Canonsburg Murder

Governor John K. Tener on Thursday fixed June 11 as the date for hanging Jan Ribarick alias John Ribarich at Washington.

Ribarik, who will be hanged on the specified date was convicted Thursday, February 22 for the triple murder of Natavia Novak and his wife, Mary Ann Novak, and Frank Stavanijo, a boarder at the Novak home. The murder occurred in Alexander Place in North Strabane township near Canonsburg on the evening of December 18.

Ribarik was placed on trial February 21 and the following day at 3:10 the jury returned a verdict of first degree murder after being out 10 minutes. He was sentenced at 3:20 by Judge J. F. Taylor to be hanged.

Ribarik, who had been in this country 11 years and his daughter but a short time, lived at the Novak home, having a room there. Ribarik made indecent proposals to the own daughter and the latter told Mrs. Novak of the occurrence. Ribarik became intoxicated and while in this condition shot down the three persons and attempted to kill the daughter. She escaped to the cellar and hid. Ribarik then tried to kill himself but failed.

Sheriff R. G. Lutton last night had received no word from Harrisburg in reference to the hanging but it is expected that he will be officially notified today.

FAIR MAID WITH GUN IS HELD FOR COURT

Girl Who Marched Burgettstown School Teacher up Street at Point of Gun to Stoutly Defend Herself

Defiant, and surrounded by a host of friends who declare they will help her fight the case to a finish, Miss Margaret Gribben of McDonald gave bail in the sum of $500 at a hearing Thursday for her appearance at court on the charge of carrying concealed weapons and pointing firearms. Miss Gribben is the young woman who created the sensation at Burgettstown Tuesday evening, when she drove Harry Tilton a school teacher, out of a moving picture and vaudeville theatre at the point of a revolver, because he was alleged to have written a note to a mind reader on the stage requesting Miss Gribben to remove her hat.

At the hearing Miss Gribben stated that Tilton had repeatedly followed her to the theatre and sat behind her and annoyed her. She purchased the gun, she said for the purpose of frightening Tilton in moving picture style, and she declared that the weapon was not loaded. Other witnesses testified to the scenes of the incident, and Miss Gribben was bound over to court, her father, John Gribben, going her bond.

The community of Burgettstown is all wrought up over the incident, and friends of the girl have volunteered to aid in fighting the case through court to a finish.

RECOVER BODIES OF STRAUSS AND JOHN J. ASTOR

By a mesage from steamers which have been searching in the vicinity of the Titanic disaster late this afternoon it was stated the bodies of John Jacob Astor and Oscar Strauss had been found and positively identified. Strauss' body will be claimed by friends and taken to Philadelphia and Astor's body will be taken most likely to New York.

CHARLEROI AMONG FIRST STOPS FOR BIG CIRCUS

Ringling Bros. Show to Make First Visit Here This Year

ADVERTISING CAR HERE

Starts Out From Headquarters in Wisconsin--Playing the Larger Cities

With the appearance of Ringling Bros.' advertising car today comes the joyful tidings that the first circus of the season will exhibit here Saturday, May 18. The car arirved from Uniontown last evening and stays here while the bill posting car force decorates bill boards, blank walls and shop windows with flaming lithographs depicting the wonders of the show.

Starting from their winter quarters at Baraboo, Wisconsin, which has been the resting place during the winter of the big aggregation for years, the Ringling Bros. shows opened at the Coliseum in Chicago April 6. It closed its engagement there April 25, making a long jump to St. Louis for its next exhibition. From there its itinerary is by way of Indianapolis, Cincinnati, Dayton, Columbus, Cleveland, Wheeling, Fairmont, Uniontown and Charleroi. From here the show goes to Pittsburg and thence east.

This show is carrying a bigger zoo than ever before. It has 85 cars, which are usually run in five sections. A unique and original feature is the big street pageant of the French historical scene, "Joan of Arc." This is a most elaborate presentation in which 1,200 people and 600 horses take part. It is a new departure, and in keeping

To Install New Pastor

Rev. Bastian to Formally Receive Charge of Christ Lutheran Pastorate

Rev. C. P. Bastian, who recently took up the pastorate of Christ Lutheran church, will be formally installed in the charge this evening at 8 o'clock. Rev. M. M. Albeck, representing the Pittsburg Synod, of Monongahela, will address the congregation and Rev. E. S. Blint of Leechberg will address the pastor. The installation will be a public affair and the public is invited.

PROTECT LIVES OF THE CREW

Great Precautions Necessary in Vessels Plying Rivers

IESPECTORS CAREFUL

Along the Monongahela river the law is regard to lifeboats on river vessels is being strictly enforced. Each lifeboat is required to have one axe, one life line running around the boat strung with wooden floats, seven oars, one steering oar, one boat hook with line attached, one bucket for bailing, life belts for each of the number of people carried in the boat and two or more wooden floats. The lifeboats are required to be fitted in the water in less than two minutes from the time the clearing away of the boat is begun. One life preserver, of a design approved by the board of supervising inspectors is required, to be carried on steamers for each passenger and members of the crew permitted by the steamboat's register of tonnage.

The inspection is of the most rigid character. Most complete equipment for protection of the crew or passengers in the event of a fire or the vessel sinking must be provided. United States Inspectors Capts. Isaac B. Williams and Charles G. Thomas are now making their inspections of steamers registered in the Pittsburg port. Since the Titanic disaster greater attention has been given to protection of river boats.

Song Hits at the Palace.

Two new musical compositions that are all the rage now are being rendered by the Palace Theatre orchestra and are making a big hit. There are "Everybody's Doin' it Now," and "Take a Tip From Father." The first of these will be rendered vocally tonight and tomorrow night by Donald J. Garrison, and the second will be sung for the first time Monday night. The songs are published by Ted Snyder of New York.

MOTOR CYCLE CAUSE OF ARREST

Claimed That Man Got Leave to Take Trial Ride and Forgot to Come Back

Charged with making away with the motor cycle of Otto Boehme when allowed to ride it, James "Tuts" Howard, of Bruceton, said to be formerly of Washington, was arrested near Finleyville Thursday and brought here to be given a hearing before Justice of the Peace E. E. Rice.

It is stated that Howard came here last summer and under an assumed name dickered with Boehme for the purchase of his motor cycle. He was given leave to try it, and started on a trip up street from which it is said he failed to return. He is supposed to have sold the motor cycle for $30.

ORGANIZED DISCONTENT

The folowing from the Citizens' Educational League, by William R. Shier, is most timely, and is worthy of consideraion by every thoughful citizen:

"A thousand men aglow with faith and determination" says Upton Sinclair, "are stronger than a million grown cautions and respectable."

In a recent speech Lord Roseberry, the noted English statesman, said: "Minorities should never be despised. Though weak today, they may be strong tomorrow. A turn of fortune's wheel may throw them unexpectedly into power."

As proof of this we need only recall the suddeness with which the "abolitionist" Republican party rode into power under Lincoln in 1859, the rapidity with which the French revolution came to a headin the eighteenth century, and the trifling incident that precipitated the revolt of the New England colonies. So, too, with the present day unrest among the masses. Another industrial depression or the crushing of a great strike may stampede large sections of the population into the camp of politicial Socialism.

"The international socialist movement" says Professor Charles Zeublin, the distinguished author and lecturer," is without exception the most significant movement of modern times. It is the creation, not of one man or any set of men, but of the titanic forces of social evolution. It is becoming a mighty force in all civilized countries. It numbers among its advocates many of the foremost thinkers [illegible] gaining control of the labor unions, is infecting the military and is beginning to make its voice heard in numerous legislative halls."

In 1869 the international Socialist vote did not exceed thirty thousand. Today it is fully ten million. It has thus multiplied itself more than three hundred fold within a little over forty years.

In 1869 Germany was the only country in which the Socialists had parliamentary representation. Today they are a recognized factor in the public life of twenty-five nations. In national legislatures alone they have nearly six hundred deputies while the number of mayors, aldermen and school trustees serving under their red banner of revolt in Europe and Great Britian approximates 14,000.

Nor are the United States and Canada outside their sphere of influence. There are now 1,035 Socialist office holders scattered over this continent. Several important cities, including Milwaukee, are now governed by them. Victor Berger, the veteran Socialist, is a member of Congress. Several States have Socialist contingents in their Legislatures. And the Socialist vote is increasing by leaps and bounds.

Many people are asking what can be done to sweep back this great tidal wave of organized discontent. Well, obviously, the first thing to do is to study it. Much can be said against Socialism. Much can be said in favor of it. Each citizen's attitude toward the Socialist movement must be determined by himself.

NO RELIEF IN PRICES.

With every advance in wages to employes in various industrial enterprises comes a corresponding advance in prices of the necessaries of life all along the line. Since March first reports from statistical agencies show a marked increase in the percentage of the cost of living over the previous year. If the railroad engineers get the advance they are contending for, in all probability the railroads will be permitted to increase their freight rates, which will still further enhance the cost of living to all.

As the Fnancial Review of the banking house of Henry Clews & Co. states, nothing but a succession of bountiful harvest years will keep the cost of living from advancing abnormally. From this time hence the only salvation now in that direction is increased products of the soil. Not only must more unproductive land be utilized, but each acre in cultivation must be made to produce more than at present. There can be no decrease in the cost of living until farming and gardening is fostered and encouraged the same as industrial enterprises. Most towns are eager to promote small industries, but the encouragement of market gardening in the suburbs of towns and cities is the most important industry for the welfare of all at this particular time.

PICKED UP IN PASSING

Ringling Bros.'s No. 1 advertising car, which arrived in Charleroi Thursday night to herald the coming of the big shows here May 18, almost had a tragedy on the way down the P. V. & C. line from Uniontown. The car was attached to the regular passenger train due here at 5:43 o'clock. On board the car was the usual bill posting corps, among which was a 'stuge," which in bill posting parlance is a greenhorn, making his first trip on a circus advertising car.

This young man had hailed from Christianburg, Va., and as his line of travel had been somewhat circumscribed, he was desirous of seeing the country. Consequently, when the weather was fine he spent much of his time on the rear of the car while enroute between points.

Whipping around a curve on the Redstone branch the "stuge" lost his equilibrium, and the last his companions saw of him he was going end over end down a steep embankment. One of the men had the presence of mind to pull the bell rope, and the train was stopped, almost a mile from where the young fellow had made his acrobatic descent.

While the train was backing up to the scene of the accident the manager of the advertising car began to make arrangements for shipping the body home, and to inquire his name and address. Imagine the surprise of the trainmen to spy the young fellow walking up the track to meet them as the train approached. He was taken aboard, and was practically unhurt, save for a few slight bruises. He happened to strike a cinder fill, which made his descent somewhat easy. Then it was that the boss got mad.

"You d—d fool!" he shouted, "if you don't keep off that back platform I'll chain you in your locker!"

"Speaking of borrowing among neighbors, as noted in your market basket story a day or two ago, I have had some experience along that line myself," said a Crest avenue resident this morning. "The other evening after supper before I returned to my place of business, a knock came at the door. 'Please may we borrow your sewer cleaner?' was the request of a neigbor's boy. This was a rod I had for cleaning out the sewer in case it got clogged. Not five minutes later came another rap. 'Ma wants to know if you'll lend her a cup of sugar until tomorrow?' piped a small girl. While I was putting on my coat and hat to start down street still another rap came, with a request for the loan of a salad mixer my wife has, and which does duty throughout the entire neighborhood. Slipping around to the back door after I left the house I softly rapped, and my wife came to the door. Standing back in the shadow, I said in a disguised voice:

"'Mrs.—— wants to know if you'll kindly loan her a setting of eggs?'

"Then, when my wife was trying to establish my identity, I added:

"'She would also like the loan of a hen to hatch the eggs.'"

Consumption Often Develops From Pneumonia

Consumption readily attacks those who have had Pneumonia. Many sufferers from Tuberculosis give a history of having had Pneumonia. The lungs thus weakened are more easily attacked by the germs that cause Consumption.

For all those with "weak lungs," especially those who have had Pneumonia, Eckman's Alterative is the appropriate remedy. Cures of Consumption are accomplished by Eckman's Alterative. But take it in time. There is no wisdom in waiting until Tuberculosis is established. Health is never fully valued until sickness comes. A remarkable recovery follows: 336 N. 41st St., Phila., Pa.

"Gentlemen: I wish I had known of Eckman's Alterative two years ago. Since taking it, following a bad attack of Pneumonia, I have gained twenty-eight pounds, and I cannot but be very thankful to you and the Almighty God for the great blessing and change of health it has brought me."

DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad, let the sign rot away? Why does the railroad company continue to keep those signs at every crossing?

Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise."

Your store and your goods need more advertising than the railroads need do to warn people to "Look Out for the Cars."

Nothing is ever completed in the advertising world.

The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business.

If it pays to run a few ads about Christmas time, it certainly will pay you to run advertisements about all the time.

It's just business, that's all, to

Gas Price Increased at Monongahela to Horror of Citizens

Monongahela gas consumers, especially those using fuel from the Citizen's Gas company, will pay more for gas after May 1. Notices have been sent out by this company saying that 15 cents per thousand feet would be charged after May 1. Nothing has been heard from the Monongahela-Bellwood company as to whether it will increase the price or not.

The consumers of Monongahela have been paying ten cents per thousand feet for the past few years, owing to a cut being made by the two companies. From cents was being charged about five or six years ago when a war was started and the price kept falling cent by cent until 10 cents was reached and as a result the consumers have been having cheap fuel compared with other sections. The Citizen's company in the notice sent out stated that the raise was necessary owing to the scarcity of the supply.

RECORD MADE OF REAL ESTATE SALES

The following transfers of real estate were recorded at Washington recently:

John Molnar of Gary, Ind., to Andrew Chacko, of Charleroi, parcel of land in Charleroi on McKean avenue, 22x100 feet, consideration $1,300.

William Anderson, of Charleroi, to Mary Theakston, of Centerville lot in Charleroi on Fallowfield avenue, 22 x100 feet;consideration $2,500.

Schoenberger Mine Starts

Pittsburg and Westmoreland Colliery Resumes After Month's Suspension

Orders were issued Wednesday by the Pittsburg and Westmoreland Coal company for the resumption of work at the Schoenberger mines, near Donora, and work started Thursday. It is expected that by Monday the colliery will be producing almost to capacity. The mine has been idle since the first of April when the men went out together with the rest of the miners employed in mines of the Pittsburg district. Other mines are gradually getting into the swing for the summer run, and preparing for heavy shipments to the lake.

but this is not credited at the State capital.

Friends of Frank B. McClain at Harrisburg are looming the Lancaster Mayor for State chairman and he is said to have much support in the West.

Of course, the Penrose faction is not conceding anything on the nominations or the State chairmanship and will do its best to prevent the Flinn slate from being carried out

Reservations for rooms at Harrisburg hotels have been going forward at a lively rate and there is hardly a single room to be had there for either the Republican or Democratic State Conventions.

SCHOOL BOY LANDS JOB WITH PHILLIES

Steinbrenner Sensation of Day Against New York--Known in Charleroi

Steinbrenner, a young school boy player, of Pittsburg, who is known here was shoved into the game against the New York Nationals Thursday at second base for Philadelphia, taking the place of Otto Knabe. His work developed into being the feature. A Charleroi man, none other than Bill Phillips had a hand in Steinbrenner's success, although his part was only to refuse Steinbrenner a job with the Youngstown team.

The Pittsburg boy who is under 20 years old played last year with the Pittsburg Collegians. Dick Cuy, the manager by pulling ropes landed him with the Phillies. Steinbrenner didn't want to go, because he figured out it would only mean a farm out to some minor league. He came to Charleroi a few weeks before Phillips left for Youngstown, and pleaded with the latter to give him a place with his Central League team. Phillips refused because of the way in which the boy was tied up.

Thursday Steinbrenner stepped up to the plate with all the confidence of a veteran and landed on the great Matthewson's curves for a two base hit and a single. Besides he figured spectacularly in field plays accepting every chance cleanly and starting a double play.

LOCAL PEOPLE BUY AUTOMOBILE

Among the latest purchases of automobiles in Charleroi are John H. Frye, the well known Fifth street resident and T. P. Grant, the Fallowfield avenue hardware dealer. Mr. Frye has received a Flanders 20 touring car, and Mr. Grant an E. M. F. 30 touring car. H. C. Hepler of the Keystone garage secured the cars together with a stock car for himself through his agency.

LOCAL MENTION

Harry Scott, advance press agent for Ringling Bros circus, which exhibits in Charleroi Saturday, May 18, was in town today with advertising car No. 1. While here he made arrangements for advance sale of tickets at C. W. Weltner's pharmacy.

Rev. John R. Burson, pastor of the Washington Avenue Presbyterian church will preach tonight at Donora for Rev. J. C. Fulton pastor of the Presbyterian church of that place.

R. Dale Jolliffe spent Thursday in Brownsville with friends.

Dr. J. Clive Enos is in Pittsburg today on business.

Miss Anna Shepler of Pittsburg, after a two weeks' visit at the home of Mr. and Mrs. D. C. Whitlatch of Fallowfield avenue, has returned home.

Repent!

I heard the voice of the Lord in the night, say.
"Repent!"
Contrite, I felt on my heart such a fright weigh,
As seemed of doom terrors blent.

"O Lord," I gasped, in a whisper, with fear hoarse,
"Thy grace
Reveal! Thy favor bestow! Oh, be near, source
Of strength and my weakness efface!"

Then sudden peace on my spirit descended:
I felt
Upraised, upborne, by the Infinite fended,
And, weeping with joy, I knelt.

And there, gloom-compassed, I panted my heart's woe:
I prayed
With fervor, zeal, such as life's deepest smarts owe,
And knew, in the praying, God's aid.

Thus morning found me; and I from my knees, rose
Content:
My heart was filled with the joy one at ease knows;
I said: "I repent—I repent!"

Foolish to Place Coins in Mouth.

American Medicine soothingly declares that many people are unnecessarily disturbed over the danger of infection from laundries, money and postage stamps. It says "some one has been alarming us because he found a few bacteria on gummed postage stamps, though he should have been astonished if he had not found them." This medical authority adds: "Common sense tells us not to put dirty money in the mouth, for it may have recently been tucked away in a very dirty place, yet its germs are mostly dead and we can lay very little disease to its agency. Its evils are of another sort. Our clothing is boiled in the laundry and even if pus-coated it does not spread infection."

BROOKLYN GIRL WELL NOW

When you get right down to the plain facts it is generally a very simple matter to get rid of a bronchial cough, if you go at it right.

The trouble is, most people dose themselves with quieting syrups that really don't have any curative effect.

Now Vinol, our delicious cod liver and iron preparation without oil is a specific throat and lung healer—it goes to the seat of the trouble at once, stops the cough and heals the inflamed bronchial tubes.

For example there is Miss Julia Leyendecker of Brooklyn. She says "I had a stubborn cough last spring that hung on for six weeks and made me very uneasy, so I took Vinol, as I had heard it was good for coughs. I had already tried several cough medicines without benefit, but Vinol soon stopped my cough and I now feel perfectly well."

It's simply a matter of gaining strength and building up health. We guarantee Vinol to give you perfect satisfaction. Try it. Piper Bros., Druggists, Charleroi, Pa.

SOPRANO SINGS AT WINTER CLUB DANCE

As a featuring event at the weekly dance of the Winter Club given in the Might Auditorium Thursday night, Miss Ethyl Collins of Pittsburg rendered several soprano numbers. Miss Collins is a soloist with a big Pittsburg band, and a singer of note. There were about 70 couples present at the dance, which was one of the most enjoyable thus far held by the club.

Miss Stella Barre of Indianapolis, after a visit with Mr. and Mrs. Ira L. Nickeson of Meadow avenue, has returned home.

Roman Coins Found in England.

The process of cleaning the coins found a few weeks ago in a Roman vase in a field upon a farm at Edwinstowe, Nottinghamshire, England, shows that they comprise 369 denarii, dating from 69 to 193 A. D. Although these coins must have been buried for 17 centuries, they are in a perfect state of preservation.

MYSTERY IN DEATH

Body of Woman Found on Railroad Track--Head 60 feet Away

Believed to have either suicided or to have met with foul play Mrs. Mike Olasco a Slavish woman was found dead lying along the M. & W. branch about a half-mile south of Bentleyville Thursday morning by a freight crew. Her head was lying about 60 feet from her body. Her coat was found on a wire fence not far from the head.

The woman last August buried a baby it is said, and at times since has seemed to be mentally deranged. It is thought possible she may have wandered on the railroad and lain down between the tracks. Investigations are being made.

dieval times presented by the Tech students in Pittsburg yesterday at the cornerstone laying of a new department, is an example of this form of public entertainment. The "Joan of Arc" pageant is said to be a most impressive and gorgeous spectacle.

Advertising car No 1 will be followed by others before the great day arrives and the community will be well suppiled with information regarding the circus whose arrival will be eagerly awaited by the juvenile population.

TO PILE VICTIMS:

Treat the Inward Cause if You Want A Cure.

Is piles a skin disease?

No, it is a stagnation of blood circulation—a swelling of blood vessels.

Why expect a cure from applications outside? The treatment should attack the cause.

Dr. Leonhardt's Hem-Roid (sugar-coated tablets) is taken inwardly; it restores circulation, rids you of piles for good.

Sold by Piper Bros and all druggists. $1 for 24 days' supply, satisfaction guaranteed. Dr. Leonhardt Co., Station B, Buffalo, N Y.

Julian Eltinge, the most famous impersonator of women.

Notice how small the Red Cross Shoe makes his foot appear.

This man wears the Red Cross Shoe a woman's shoe, and finds it wonderfully comfortable and easy. Read his reasons.

DEAR SIRS:—

"The Red Cross shoe is the only shoe in the market which entirely fills the bill. I was first charmed by the variety of styles, which covers every possible desire of the wearer. The all-important reason is the fact that I can wear a much smaller shoe in the Red Cross than in any other, which is particularly essential in my case.

"I find the Red Cross shoe perfectly comfortable, wearing even a smaller shoe than one my size would naturally wear. The perfect flexibility of the sole, which so truly bends with your foot, ends all stiff-soled shoes which at every step cause the foot to rub against the sole, until it burns and throbs to an unbearable degree."

Yours very truly,

JULIAN ELTINGE.

You will be just as enthusiastic. Come in and let us show you the latest models in the Red Cross Shoe.

Oxfords $3.50 and $4. High Shoes $4, $4.50 and $5.
